DOOR AND DRAWER OVERLAY OPTIONS

Modified Full Overlay

Standard Overlay

The term “overlay” refers to the amount the cabinet door (and drawer front) overlays (or hangs over) the cabinet frame opening. Marquis frames are typically 1 3/4" wide and two overlay options are available. Our standard overlay generally covers 1/2" of the frame, leaving 1 1/4" of the frame exposed. The Mod-Full overlay option will generally cover 1 1/2" of the frame, leaving 1/4" of the frame exposed. Note: There will be some exceptions with certain cabinets. Check with your dealer for more information.
